- 18' x 8'

Additional Track Options

- White
- Antique
- Black

All designs available with White, Antique Copper, or Black track and hardware. Galvanized track comes standard with all orders.

Although StreamWood is our entry-level, wood garage door product, you wouldn't know it from the quality of its construction. Incorporating frames made from Sitka Spruce and fabricated using hardwood dowels, and mortise & tenon joinery, StreamWood garage doors are constructed using methods and materials that our competitors just can't match. Available factory primed, or factory painted in over 1,800 exterior Sherwin-Williams colors.

Ask your Authorized Raynor Dealer about our Product Planning Guide, which outlines, step by step, all the details regarding our selection options, and our position as the premier wood garage door source.

Frame Detail

StreamWood frames are constructed using a very labor intensive design, incorporating mortise & tenon joinery and hardwood dowels.

Decorative Hardware Options

- 1" polystyrene insulation
- 4" "V" groove, featuring tongue & groove construction
- 18 degree drip cap
- 1" (or 1-1/4" for doors over 16' wide) Sitka Spruce Frame (mortise & tenon and doweled construction)
- 3/16" exterior grade, plywood
- Sitka Spruce Overlays

Biscuit (#20) is used to join all trim boards, providing superior controls against warping and cracking.
